

## Greater Manhattan Community Foundation CELEBRATING 10 YEARS OF SERVICE!

Ten years ago a small group of philanthropists in Manhattan decided it was time to do something to help people who wanted to make charitable contributions to the community but avoid the trouble and expense of establishing private funds or foundations. The result was the creation of the Manhattan Community Foundation, later renamed the Greater Manhattan Community Foundation.

In less than 10 years more than \$4 million has been distributed back to the community in the form of grants and donor distributions. And with invested assets of \$9.3 million and growing, the funds held at the GMCF will continue supporting charitable organizations and projects in our community forever.
