On the Cover: The Greater Manhattan Community Foundation partnered with the Flint Hills Volunteer Center, whose volunteers played an important role in keeping our community safe during the COVID-19 pandemic. With a facemask mandate, volunteers were needed to help make masks for the community. 19 volunteers made 2,724 masks that were donated to 21 non-profit agencies and 572 members of the community. GMCF provided funding from the COVID-19 Recovery Fund to purchase some of the needed supplies to make these masks.

From Our President & CEO

2020 was one crazy year!

It was difficult to meet in person but, virtually, we were able to meet the needs of our community in so many ways. GMCF programs like; MHKTogether, the COVID-19 Recovery Fund, Grow Green Match Day, and the YES! Fund Campaign are just a few ways that we enabled our community to assist our friends and neighbors in need. We are grateful for the generosity of so many and want to say THANK YOU for helping the Greater Manhattan Community Foundation truly make a difference.

The 2020 year was full of amazing generosity. GMCF reached all-time highs in total assets, grants to the community, Grow Green Match Day donations, YES! Fund Campaign gifts and many more. This would not have happened without the support of so many and we are exceedingly grateful.

Through the generosity of the community to our COVID-19 Recovery Fund, we were able to keep over 200 local families in their homes by assisting with rent and utilities through Shepherd's Crossing. We provided take-out containers for Common Table, allowing them to distribute meals to hundreds of folks. And, we provided personal protective equipment (PPE) for area non-profits so they could re-open safely.

Again, thank you for stepping up to meet the challenges of the 2020 year. We look forward to 2021, knowing that together, we can continue to make an impact in this community we all call home.

Vernon H. Henricks

From Our Board Chair

2020. What a year it has been.

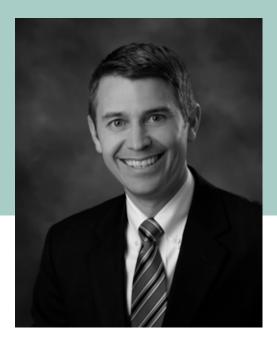

A global pandemic. Economic shut-downs. Quarantines. Illnesses and deaths. Social distancing. Election fatigue. 2020 brought new challenges.

The real test of an organization is how it responds to challenges. The Greater Manhattan Community Foundation has worked hard to address the challenges presented by 2020. The GMCF worked with others to develop and oversee the MHK Together program. That program was quickly established and, through generous donations, helped put \$280,000 into the hands of local businesses and over \$250,000 was matched in the form of grocery assistance for those in need. The GMCF raised awareness and donations for the Community Disaster Recovery Fund – 2020 COVID 19, and provided grants to those in need from such fund. The GMCF provided oversight of the Riley County CARES – COVID 19 non-profit grants.

In addition to all of this, the GMCF continued with its regular business of overseeing the funds that our donors have established, providing assistance with various grant programs, overseeing scholarship programs, providing assistance to our affiliates, and trying to continue to build relationships between donors and community needs. The GMCF awarded close to \$10 Million in grants to the community. The GMCF worked to maintain exceptional success at various match days, including Grow Green in Manhattan which raised over \$1,270,000, all while moving many to remote only events.

We are thankful for our donors, fundholders, employees, board members, grant recipients, volunteers, trustees, young trustees, affiliates, committees, supporting organizations, and all who contributed with their time, talent, and donations during this year. The GMCF will continue to do our best to enhance the quality of life through philanthropic giving, while also addressing the needs of our communities during these challenging times.

Bill Bahr

2020 Virtual Match Day Was A Huge Success!

How will this pandemic impact giving? Should we even have our match day? If so, how can we hold the event while keeping the public safe? These were the questions swirling in the minds of GMCF staff as we contemplated the 8th annual GROW Green Match Day. And, like everything else in 2020, the event had to be altered and redesigned with COVID-19 in mind.

We had envisioned that in 2020 our event would move across the street from Colony Square into the Harris Activity Center. The sixty-five participating funds would be able to set up table displays and have a presence at the event, making for a much more festive atmosphere. In the end, the whole thing became a mail-in and virtual online giving event that lasted, not for the usual 24 hours, but for several days.

Here's what happened over those several days around April 22, 2020:

- 1656 donors made 4759 gifts totaling \$912,308
- Plus a generous 50% match from Howe Family Foundation of \$316,908
- Plus GMCF disaster recovery fund match of \$50,000
- Total raised \$1,279,216

CHANGES TO THE 2020 MATCH DAY IN RESPONSE TO COVID-19

- Donation and Match Allocation: GMCF knew that area non-profits were struggling due to forced cancelation of annual fund raising events, decreased program enrollment causing lost revenue, and increased costs caused by the pandemic. In an effort to provide some relief, with the Howe Family Foundation's approval, GMCF switched how the donations and 50% match worked. 100% of the public donations went to the participating non-profit for day-to-day expenses, with the 50% match going into their endowed fund at GMCF.
- 100% Match by GMCF to the COVID-19 Recovery Fund: GMCF removed the Community Grants fund as a participating match day fund, and replaced it with the COVID-19 Recovery Fund to benefit non-profits and individuals in Riley County with COVID related needs. In addition, the Grants for Greater Manhattan grants committee recommended a \$50,000 grant to help provide this 100% match. Three hundred and seven donations came in totaling \$78,749!

Banaka 2020 Legacy Gift

Manhattan couple, Jerry and Betty Banaka, are salt of the earth kind of people. They don't seek attention for themselves, but quietly and humbly serve in their community. Betty grew up and attended school in Wetmore, KS, and Jerry in Blue Rapids. Jerry went on to attend and graduate from both Kansas State University and Washburn University. They met while they both worked for the Kansas Insurance Department in Topeka. In 2020, Jerry and Betty designated the Greater Manhattan Community Foundation as a beneficiary in their estate planning.

Both Betty and Jerry grew up watching their parents, and many others in their small towns, who supported various local organizations such as their churches, 4-H, scouting, and sports. Growing up on a farm, 4-H was the natural activity in which to be involved," said Betty, "and my folks provided guidance and took an interest in my club projects."

This made a lasting impression regarding the importance of supporting others, especially, those areas having a special interest to them. "We remain appreciative of the commitment from the adults of our youth who were devoted to our communities and feel a strong obligation to continue that commitment to others," said Jerry.

As part of their estate planning process, the Banakas recognized that they may want to change their charitable recipients over time, so they wanted a simple and easy way to reflect those changes. After providing for their family in the trust document, they directed that their charitable distribution be used to establish an endowed fund at GMCF to be distributed in accordance with a Memorandum of Understanding prepared with the Foundation. That Memorandum of Understanding identifies the recipients of the endowed fund and can be easily amended to reflect changes without changing their trust document.

Jerry said, "The staff at GMCF is excellent to work with in assisting and facilitating the entire process. And, the best part is that the endowed fund will support in perpetuity those causes that have a special meaning for us."

MAKE AN IMPACT BEYOND YOUR LIFETIME

Intrigued by the idea of leaving part of your estate to charity? We can help. We will work with you to understand your charitable dreams and make those dreams a reality.

GMCF Stepped Up In A Year Like No Other

Josie Sapp, Caroline Gfeller, Malia Sapp, and Hannah Classen were able to bring in their donations for GMCF's COVID Relief Fund. They decided to sell handmade goods at a garage sale and donate 40% of their profit. Thank you girls for doing good in our community!

"ALONE WE CAN DO SO LITTLE, TOGETHER WE CAN DO SO MUCH"

When COVID-19 became our new reality in March of 2020, the staff and board of the Greater Manhattan Community Foundation committed to doing whatever we could to lead and help provide relief and recovery for our communities. Not only those in Riley County, but also the small towns that make up our family of affiliate foundations. GMCF became an increasingly busy place, even though that "place" was many times in makeshift offices out of staff's bedrooms and kitchens.

Many events and programs that GMCF typically carries out on an annual basis were postponed, and eventually cancelled, or changed - with new efforts taking their place. ZOOM soon became the Foundation's way to communicate and collaborate. We never stopped doing what we could to bring groups together to make positive things happen in a world that seemed anything but positive.

The word that would sum up literally all of our COVID-19 Disaster Recovery efforts is COLLABORATION! As Henry Ford said, "Alone we can do so little, together we can do so much." As you read the stories that follow, you will see that it took many individuals, businesses, non-profits, and organizations to accomplish relief efforts in our community. Thank you to each and every one who stepped up to make these efforts a success!

We are proud of our community for coming together to provide for and bring hope to so many of our hurting friends and neighbors. YOU play such a large role in the success of the GMCF disaster recovery efforts. Thank you for putting your trust in us. Rest assured that, no matter what disaster strikes, GMCF will continue to do all in our power to lead and provide relief and recovery efforts in our communities.

GMCF COVID-19 Disaster Recovery Fund

The disaster recovery fund did not start with COVID-19, but with the Labor Day Flood of 2018. The disaster changed, but the purpose of the fund remained the same:

- To provide a local and trustworthy place where individuals and businesses can make donations to help their friends and neighbors who find themselves in need as a result of a disaster.
- To provide relief and long-term recovery through local non-profits to individuals who have been most negatively impacted by whatever disaster comes our way.

Covid-19 Recovery Funds Raised in 2020:

Donations given on GROW Green Match Day	\$ 78,749
Other donations received	\$ 22,154
GMCF Grants for Greater Manhattan match	\$ 50,000
GMCF additional match	\$ <u>57,313</u>
TOTAL	\$ 208,216

Impact of COVID-19 Disaster Recovery Fund

Grants Made from COVID-19 Recovery Fund:

Common Table - Community Take-out Meals	\$ 19,714
Nonprofit Agencies - PPE Needs	\$ 27,000
Pawnee Mental Health - Equipment for Telemedicine Consults	\$ 12,829
Riley County Seniors' Service Center - Safety Equipment	\$ 900
Shepherd's Crossing - Rent & Utilities Assistance	<u>\$ 107,000</u>
TOTAL Grants Made in 2020	\$ 167,443

The Stories:

Nearly 200 families remained in their homes.

As people were laid off or had hours drastically reduced because of the pandemic, GMCF partnered with Shepherd's Crossing to provide funding for rent and utility payments. Shepherd's Crossing welcomed many clients who had never before required assistance. The funding provided by the COVID-19 Recovery Fund, prevented nearly 200 families from facing homelessness.

Dana, a single mother with two school age children, lost all income in May. Before that, Dana was employed by the school district and received child support. In addition to losing her job, her ex-husband's work closed, so child support stopped. A friend encouraged her to come to Shepherd's Crossing.

When she arrived, the frustration was very evident. The counselor worked with Dana to discover her needs, and then explained some of the options available to her. Applying for unemployment and DCF were obvious steps. Applying for MHK Together Grocery Assistance met an immediate food need. Assistance from Shepherd's Crossing and the Covid-19 Recovery Funds met other immediate needs.

As this young woman left Shepherd's Crossing, tears were streaming down a SMILING face.

GMCF COVID-19 RESPONSE

Take-out meals were provided for hundreds of people.

One of the biggest needs during the pandemic was food assistance. By awarding two grants to Common Table, they were able to continue serving our community by providing daily take-out meals.

During the 13 weeks of the first grant period, from May 17 - August 15, Common Table served 9,143 meals. Of the 9,143 meals, 5,715 were evening meal "firsts," and 2,362 were "seconds"/breakfast/lunch. An additional 766 dinner meals were taken to the Pawnee Crisis Stabilization Unit, which Common Table has agreed to supply with meals six evenings per week. Furthermore, First United Methodist Church provided 16 meals per week to Homestead Ministries, for a total of 208 meals. Finally, any leftover meals were taken to the Manhattan Emergency Shelter.

One interesting change in the clientele receiving evening meals in Manhattan involves children. Prior to the pandemic, it was unusual to have families with children attending the meals. However, during the pandemic, it is estimate we served 5 to 20 children per evening. Children are difficult to count accurately because they usually arrive by car, and they stay in the car while an adult collects the meals for the family.

Area non-profits reopened safely.

In order to serve our community safely, area non-profits were forced to begin using personal protective equipment such as masks, gloves, thermometers, and hand sanitizers. Cleaning and sanitizing became of utmost importance. GMCF purchased mass quantities of these items and provided them at no cost to over 30 area agencies. One of the most popular items were the Touch Free Hand Sanitizing Stations.

The GMCF partnered with the Flint Hills Volunteer Center, whose volunteers played an important role in keeping our community safe during the COVID-19 pandemic. With a facemask mandate, volunteers were needed to help make masks for the community. 19 volunteers made 2,724 masks that were donated to 21 non-profit agencies and 572 members of the community. GMCF provided funding from the COVID-19 Recovery Fund to purchase some of the needed supplies to make these masks.

\$19,714Take-Out Meals

\$27,000 PPE Needs

\$12,829 Telemed Equipment

\$900 Safety Equipment

\$107,000 Rent/Utility Assistance

A brainchild of 502 Strategic Marketing Agency, this collaboration supported the businesses and employees who prioritized our community's safety.

Only days had passed after the reality of COVID-19 began to set in, before Blade Mages, Owner of 502 Strategic Marketing Agency, contacted GMCF President Vern Henricks to talk about ways to support local businesses, and their employees. After a couple of brain storming sessions, MHK Together was born, leading to a true collaboration between several agencies, businesses, and the Manhattan community!

MHK Together operated on the simple idea of "Buy One, Give One." To ensure business continuity, community members were asked to use the MHK Together website to purchase a gift card from an affected local business and then a special GMCF fund matched that amount dollar-for-dollar with a grocery gift card for Manhattan residents who had seen their wages reduced because of a change in employment.

502 Strategic Marketing Agency created and donated the #MHKTogether website. This allowed for online purchases of gift cards to support local businesses, and applications for food assistance for Manhattan residents who found themselves out of work due to the pandemic.

The Greater Manhattan Community Foundation tracked all gift card purchases and communicated with buyers and participating businesses to keep things running smoothly and answer questions.

Dillons and HyVee joined the effort by not only supplying needed gifts cards rapidly, but also donating additional grocery gift cards.

Shepherd's Crossing and Konza United Way took on the role of vetting individuals in need of food assistance and quickly getting the gift cards to them.

The Donors Who Made This Effort a Success! THANK YOU to all who purchased gift cards and to all the matching donors who provided funds for the dollar-for-dollar match:

- Butler Family Foundation
- Lincoln and Dorothy Deihl Advised Fund
- Jack Goldstein Charitable Trust
- Mary Vanier Donor Advised Fund
- Marty Vanier Donor Advised Fund
- Megan and Bruce Weber
- AND OVER 1700 Friends Who Purchased Gift Cards!

RILEY COUNTY CARES - COVID-19 NON-PROFIT GRANT PROGRAM

In May of 2020, when Governor Laura Kelly announced the distribution of \$1.6 Billion in CARES money allocated to Kansas, local officials learned that Riley County was earmarked for \$14,994,234. After putting a process in place for distribution of the funds, the County approached GMCF to ask if we would be willing to administer the portion allotted for non-profit organizations and churches located in Riley County. While already busy providing COVID relief through our various other programs, the GMCF team stepped up to the challenge and administered the program.

Applicants could not apply for lost revenue or personnel costs, but for reimbursement of day-to-day expenses to keep their doors open, and added expenses to insure Center for Disease Control (CDC) best practices. Only expenses incurred March 1 – November 2, 2020 were eligible for submission.

Riley County CARES COVID-19 Non-Profit Grant Funding Results

- Twenty Non-Profit Organizations
- Eleven Churches
- Total Awarded \$479,480.64

Food Assistance for Residents Living in Quarantine/Isolation

As COVID began to rise rapidly in November, Riley County officials learned of a food need for some families who were living in quarantine/isolation, and they reached out to GMCF. We immediately thought of the Manhattan Soup Kitchen (MSK) and the North Central Flint Hills Area Agency on Aging (NCFHAAA). One Zoom meeting later, a plan was in place. Again, it took collaboration by several groups to fill the need.

- The Manhattan Soup Kitchen worked with HyVee to purchase nonperishable items.
- MSK volunteers organized 50 food boxes.
- The North Central Flint Hills Area Agency on Aging prepared frozen meals.
- All of the food boxes and frozen meals were stored at the Riley County Health Dept. Family and Resource Center.
- Riley County Contact Tracers identified families in need of food.
- Riley County EMS delivered the food right to the front door of residents who were quarantined and/or in isolation.
- Food invoices were submitted to GMCF for payment.
- The funding used to pay for the food came from the County with a portion of the remaining CARES funding.
- As of Feb. 23, 2021, 49 boxes & 179 frozen meals were disbursed, providing around 2,000 meals.

"I really think we are doing some amazing work here. Every family has been so thankful for our program and the ability to have one less thing to worry about while they focus on their other needs."

Julia Minnich

What is a Supporting Organization?

A supporting organization is a separate legal entity, with its own board, its own bylaws, etc. However, it enjoys the status of a public charity due to its close connection with The Community Foundation, a connection that is similar to a subsidiary of a corporation.

Butler Family Foundation

Through the generosity of the family of the late Bernie Butler, the fund was created to promote wellness, education, innovation, and creativity in the family's three communities of Manhattan, Minneapolis, and Seattle. The values of the Foundation include: investing in the three hometown communities, progressive thinking and practices, sustainable projects, grassroots efforts to make change, inclusivity and diversity, entrepreneurial spirit, creativity and artistic pursuits, and equal access to healthy lifestyles/living.

Goldstein Foundation

The purpose of the Goldstein Foundation is to provide general support for our community. Jack Goldstein is regarded as one of the most successful entrepreneurs in Manhattan's history. When Jack passed in 2010, he and Joann left a legacy of charitable giving that outlives him by arranging for annual gifts to local charities and non-profits.

Howe Family Foundation

Through the generosity of Phil and the late Margaret Howe, this fund was started to provide support to charitable organizations and programs. The fund benefits numerous local charitable causes, but the one most recognized by our community is the matching grant for GROW Green Match Day. Since match day started in 2013, the Howe Family Foundation has generously provided \$1,329,519 in matching funds!

LAUNDRY LOVE MHK

GMCF has provided funding for this program since 2018 with four grants totaling \$8,500. This article was featured on KSNT News in SOMEONE YOU SHOULD KNOW.

Laundry detergent, a washer and dryer, and even money are some of the things many might take for granted. So two Manhattan sisters are doing their part to help people who don't have these luxuries, helping give people confidence and security through a free laundry program. Every second Tuesday of the month, twin sisters Krystin Guggisberg and Tahnee Matuszewicz meet up at the Suds Y'r Duds laundry mat in Manhattan, paying it forward to people in the community by paying for their laundry. "Just about giving people their dignity back. and we hope to do that here," Matuszewicz said. "They show up and no questions asked," Guggisberg said.

The sisters are in charge of Laundry Love MHK. It's a national non-profit that washes clothes and bedding of low-income, or no-income families, and even people who just need a little extra help that month. "A lot of our low-income families live in rental units without laundry services," Guggisberg said. "So this is just a tangible need after scoping out what's in Manhattan. I know this is a tangible need that wasn't being met three years ago."

Around 2017, Guggisberg and Matuszewicz got the idea to bring this to Manhattan after seeing a mutual friend started one in another city in Kansas. "We had a friend from K-State who moved back to Hutchinson and started a Laundry Love there," Matuszewicz said. "So we were kind of seeing her post about all the awesome things they were doing providing meals for the people in their community and free laundry." They also realized help for laundry wasn't really an option as many community organizations focus on helping with rent or food. "We saw other people helping the community, and we realized this was an event we could do once a month, doesn't take that much time it doesn't take that much effort, and we're helping people in big ways," Matuszewicz said.

So how does it work exactly? People come to the laundry mat and get a sandwich bag. Inside that bag is a detergent pod, fabric softener and coins to pay for the machines. But it's not just one load they are providing. "We help them get through five loads," Guggisberg said. "We provide their quarters, we provide their laundry soap and their dryer sheets."

Many of us take for granted the luxury we have when it comes to having clean clothes every day. Thanks to these Manhattan sisters, every second Tuesday of the month, everyone can walk away with clean clothes for free. "If the service isn't necessary for them something they could do is really easy," Guggisberg said. "If they noticed that laundry detergent is on sale, grab a second one, and donate it to us. Laundry is such an easy way for us to make someone feel valued."

Laundry Love MHK started in September 2017. Since then, they've done a total of 3,911 loads, helping more than 1,086 people. The most loads they've seen in a month so far was in December 2020 with 196 loads.

Making your charitable contributions through the Greater Manhattan Community Foundation (GMCF) and its affiliated funds offers many advantages

Simplicity

"One-stop-shop"
Easy way to support
the groups/issues you
care about with a gift to
a single organization

Accountability

An annual independent audit ensures fiscal responsibility

Recognition or Anonymity

You may choose to receive public recognition or remain completely anonymous

Tax Benefits

Gifts receive the maximum tax advantages for income, gift and estate tax purposes

Objectivity

Unrestricted funds are used to support community needs. Other donor-established funds benefit their favorite causes. Our sole objective is to facilitate philanthropy and further develop a habit of giving back to the community

Effective Leadership

Confirmed in compliance and meet National Standards for quality, donor service, and accountability

Stewardship

We protect a donors desires by reallocated funds according to the donor's original intent

Professional Management

Allow donors to choose their professional advisors and have them follow the guidelines established by the GMCF Investment Committee. This allows funds to focus on their mission of charitable giving for community improvement

Permanence

Your outright or deferred gift will last forever when it is given to the GMCF or one of its permanent endowments. With an endowment, assets are invested, generating an ongoing source of income year after year

Flexibility

We help you develop a plan to meet your financial needs and all charitable intentions, now and in the future.

Guidance

Find out about the ways you can fulfill your charitable goals, contact the GMCF staff at (785) 587-8995
