Performance represents returns of the GMCF Pooled Fund. Individual fund performance may be slightly different due to timing of cash flows.

The Trust Company (TTC) serves as custodian for The Greater Manhattan Community Foundation (GMCF). Performance results reflect time-weighted rates of returns based upon Asset Allocation strategies and rebalancing methods. Performance results reflect the reinvestment of dividends and other earnings, but are calculated prior to assessment of fees.

Past performance may not be indicative of future results, and the performance of a specific individual account may vary substantially from performance presented herein. In calculating account performance, TTC has relied upon information by various sources believed to be accurate and reliable but cannot be guaranteed. Investments in equities, fixed income, mutual funds, and exchange traded funds involve risk and may lose value.

The Greater Manhattan Community Foundation meets National Standards for operational quality, donor service and accountability in the community foundation sector.
Objective
The GMCF Income Portfolio seeks current income, with capital appreciation as a secondary goal. This allocation is designed for donors who are seeking current income, but also want a measure of capital appreciation to help offset the effects of inflation. GMCF can adjust allocations based on current market conditions.
