### Objective
- **Growth Portfolio**: The GMCF Growth Portfolio seeks capital appreciation with moderate risk. This allocation is designed for donors who are seeking growth and are willing to accept some fluctuation in performance. GMCF can adjust allocations based on current market conditions.

- **Balanced Portfolio**: The GMCF Balanced Portfolio seeks capital appreciation and current income. This allocation is designed for donors who are seeking growth and some income. GMCF can adjust allocations based on current market conditions.

- **Income Portfolio**: The GMCF Income Portfolio seeks current income, with capital appreciation as a secondary goal. This allocation is designed for donors who are seeking current income, but also want a measure of capital appreciation to help offset the effects of inflation. GMCF can adjust allocations based on current market conditions.

- **Capital Preservation Portfolio**: The GMCF Capital Preservation Portfolio seeks to maximize current income consistent with the preservation of principal, maintenance of adequate liquidity and limited volatility. The portfolio may not keep pace with inflation and may not maintain a stable value over short periods of time.

### Money Market
The GMCF Money Market Portfolio seeks to appreciate over time, but may not keep up with inflation. This allocation is designed for donors who are seeking safety of principal, but also want a measure of current income.

- **Yield %**: 2.6%

### Performance Disclosures
Performance represents returns of the GMFC Pooled Funds. Individual fund performance may be slightly different due to timing of cash flows. The Trust Company (TTC) serves as custodian for The Greater Manhattan Community Foundation (GMCF). Performance results reflect time-weighted rates of returns based upon Asset Allocation strategies and rebalancing methods. Performance results reflect the reinvestment of dividends and other earnings, but are calculated prior to assessment of fees. Past performance may not be indicative of future results, and the performance of a specific individual account may vary substantially from performance presented herein. In calculating account performance, TTC has relied upon information by various sources believed to be accurate and reliable but cannot be guaranteed. Investments in equities, fixed income, mutual funds, and exchange traded funds involve risk and may lose value.
